Jesus Christ is the True God And Eternal Life

***But you, Daniel, shut up the words, and seal the book until the time of the end; many shall run to and fro, and knowledge shall increase.
Daniel 12:4***

Go your way, Daniel, for the words are closed up and sealed till the time of the end. Many shall be purified, made white, and refined, but the wicked shall do wickedly; and none of the wicked shall understand, but the wise shall understand.

Daniel 12:9-10

HOW TO MANIPULATE THE POPULACE

(Updated on 01 01 2024)

1- Introduction

Dear friends and dear brethren, we submit to you this text, which, like the others in the series of articles on the illuminati, aims to open your eyes to the management of this world by the illuminati, these brood of vipers, these demons in flesh who think they are gods on earth. This text, which brings together the ten strategies of Noam Chomsky shows us how the demons of this world manipulate the populace.

Without further comments, we leave it to you to discover by reading this article, how these satanists only work for the destruction of the world. We recommend this article to you, as well as the reading of our article "***The Hypocrites Exposed***", and the other articles of the series on the Illuminati that you will find on the website www.mcreveil.org.

2- The ten strategies of Noam Chomsky

2.1. The strategy of distraction

The primary element of social control is the strategy of distraction, which is to divert public attention from important issues and changes determined by the political and economic elites, by the technique of flood or flooding continuous distractions and insignificant information. Distraction strategy is also essential to prevent the public interest in the essential knowledge in the area of the science, economics, psychology, neurobiology, and cybernetics. "Maintaining public attention diverted away from the real social problems, captivated by matters of no real importance. ***Keep the public busy, busy, busy, no time to think***, back to farm and other animals" (quote from text Silent Weapons for Quiet Wars).

2.2- Create problems, then offer solutions

This method is also called "problem -reaction- solution." It creates a problem, a "situation" referred to cause some reaction in the audience, so this is the principal of the steps that you want to accept. For example: let it unfold and intensify urban violence, or arrange for bloody attacks in order that the public is the applicant's security laws and policies to the detriment of freedom. Or create an economic crisis to accept as a necessary evil retreat of social rights and the dismantling of public services.

2.3- The gradual strategy

Acceptance to an unacceptable degree, just apply it gradually, dropper, for consecutive years. That is how they radically new socioeconomic conditions (neoliberalism) were imposed during the 1980s and 1990s: the minimal state, privatization, precariousness, flexibility, massive unemployment, wages do not guarantee a decent income, so many changes that have brought about a revolution if they had been applied once.

2.4- The strategy of deferring

Another way to accept an unpopular decision is to present it as "painful and necessary", gaining public acceptance, at the time for future application. It is easier to accept that a future sacrifice of immediate slaughter. First, because the effort is not used immediately, then, because the public, masses, is always the tendency to expect naively that "everything will be better tomorrow" and that the sacrifice required may be avoided. This gives the public more time to get used to the idea of change and accept it with resignation when the time comes.

2.5- Go to the public as a little child

Most of the advertising to the general public uses speech, argument, people and particularly children's intonation, often close to the weakness, as if the viewer were a little child or a mentally deficient. The harder one tries to deceive the viewer look, the more it tends to adopt a tone infantilizing. Why? "If one goes to a person as if she had the age of 12 years or less, then, because of suggestion, she tends with a certain probability that a response or reaction also devoid of a critical sense as a person 12 years or younger." (See Silent Weapons for Quiet Wars)

2.6- Use the emotional side more than the reflection

Making use of the emotional aspect is a classic technique for causing a short circuit on rational analysis, and finally to the critical sense of the individual. Furthermore, the use of emotional register to open the door to the unconscious for implantation or grafting ideas, desires, fears and anxieties, compulsions, or induce behaviours ...

2.7- Keep the public in ignorance and mediocrity

Making the public incapable of understanding the technologies and methods used to control and enslavement. "The quality of education given to the lower social classes must be the poor and mediocre as possible so that the gap of ignorance it plans among the lower classes and upper classes is and remains impossible to attain for the lower classes." (See Silent Weapons for Quiet Wars).

2.8- To encourage the public to be complacent with mediocrity

Promote the public to believe that the fact is fashionable to be stupid, vulgar and uneducated...

2.9- Self-blame Strengthen

To let individual blame for their misfortune, because of the failure of their intelligence, their abilities, or their efforts. So, instead of rebelling against the economic system, the individual auto-devaluate and guilt himself, which creates a depression, one of whose effects is to inhibit its action. And, without action, there is no revolution!

2.10- Getting to know the individuals better than they know themselves

Over the past 50 years, advances of accelerated science have generated a growing gap between public knowledge and those owned and operated by dominant elites. Thanks to biology, neurobiology, and applied psychology, the "system" has enjoyed a sophisticated understanding of human beings, both physically and psychologically. The system has gotten better acquainted with the common man more than he knows himself. This means that, in most cases, the system exerts greater control and great power over individuals, greater than that of individuals about themselves.

3- Conclusion

As you have just read, the whole world lies under the sway of the devil and his agents, 1John 5:19. The time has come for all those who do not believe in God, and for all those who challenge the authority of the Bible, to think again. The works of satan have become so visible nowadays that only dishonest people will continue to claim that satan does not exist. Satan does exist, and his agents as you have just read also exist, and they work relentlessly to accomplish their mission, that of destroying the world. It will now be easier for those who do not believe in God, to accept that they are wrong. It is not possible that satan exists, and that God does not exist. If satan and his demons exist, it is obvious that God and his angels also exist.

Hell is a reality, and Heaven is a reality. Fortunately or unfortunately, life does not end on this earth, contrary to what many think. After this life on earth, there is eternal life, as the Bible reveals to us. We therefore encourage you to flee Hell. If you are already a born again Christian according to the recommendations of the Lord Jesus in John 3:3, make sure your life is in order before God. And if you are not yet born again, that is, if you have not yet been baptised by immersion, after accepting Jesus Christ as your Lord and personal Saviour, this is the time to do so. You will find the teaching on "**Water Baptism**" on the website www.mcreveil.org.

Grace to all who love our Lord Jesus Christ with an undying love!
